### **Reasons for Allowance**

1. Examiner has reviewed and considered Applicant's comments as indicated on pages 11 - 12 of Applicants response dated (03/29/2007), and after further review of Applicant's amended claims based on Applicant's arguments on page 11 - 12, Examiner is hereby placing claims 1-18, 22 – 26, 29-33 and 37 – 41 in condition for allowance.

The following is an Examiner's statement of reasons for allowance.

The prior art of record does not teach or fairly suggest at least:

A method for adding functionality in order to access information, comprising:

“...automatically modifying a second portion of existing code, said modifying said second portion of existing code includes adding second additional code to said second portion of existing code, said second portion of existing code uses said software entity, said second additional code accesses second data relevant to said software entity and correlates said second data with said first data...”, as best illustrated by FIG.4 and 5, and in such a manner as recited in independent claims 1,14, 22, 29, 37 and 40 and as pointed out in Applicant's arguments of (03/29/2007).

Therefore, claims 1-18, 22 – 26, 29-33 and 37 – 41 are in condition for allowance.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
